

Document input template

Supporting information

DOI: 10.1002/adfm.201002517

Replace this file with the corresponding real PDF before extraction.
Keep the same filename and folder location.

This template contains no published article text or research data.
The DOI specifies a filename example from the literature inventory.

For another paper, update inventory.csv and use its DOI for both
filenames. Replace the DOI slash with an underscore, and append
_SI to the supporting-information filename.
